PROFESSIONAL SUMMARY

Highly skilled Software Development Engineer in Test (SDET) with 3+ years of hands-on experience in Manual Testing, Automation Testing (Selenium with Python), API Testing, and SQL. Proven expertise in designing robust automation frameworks, executing large-scale manual test suites, ensuring privacy compliance, and improving product quality. Adept at working in Agile teams, collaborating with cross-functional stakeholders, and optimizing end-to-end testing processes for fast-paced software releases.

SKILLS

Automation Testing: Selenium WebDriver (Python/Java), PyTest, Page Object Model (POM), Hybrid Framework, Data-driven testing, CI/CD (Jenkins), TestNG

Manual Testing: STLC, SDLC, Functional Testing, Regression Testing, Smoke Testing, Exploratory Testing

API Testing: REST API testing, Request & Response validation

Programming Languages : Python, Java (Basic), SQL, HTML, CSS

Database/Backend: SQL (Joins, Subqueries, Aggregations)

Tools & Methodologies: Selenium, Postman, Jira, Jenkins, Agile / Scrum, Git, GitHub

EXPERIENCE

Hexaware Technologies Ltd.

Manual & Automation Tester – Meta Platforms (Creators & Publishers Team)

(2023-Present)

- Authored 800+ test cases ensuring privacy compliance across the Meta family of applications.
- Designed and executed test plans, functional test suites, and privacy validation scenarios.
- Performed cross-browser and cross-platform testing on Android, iOS, Windows, and Mac.
- Served as Point of Contact (POC), coordinating with onsite teams for testing alignment.
- Developed and maintained automation scripts using Selenium WebDriver with Python.
- Automated smoke and regression test suites using Python + PyTest test automation framework.
- Integrated manual test cases into automation suites to improve scalability and reduce execution time.

QA Engineer (Manual + Automation Support) – Yes Bank Project

(2022-2023)

- Developed and executed Selenium automation scripts in Java for login and customer workflows.
- Performed functional, regression, and sanity testing across releases.
- Validated APIs using Postman and verified data using SQL.
- Reported defects in JIRA and worked closely with dev team in Agile setup.

EDUCATION

Bachelor of Technology (CSE & IT)

Maulana Azad National Urdu University, Hyderabad (2018–2022)

CERTIFICATION

- ISTQB Certified Tester – Foundation Level
- Postman API Testing
