Mobile: +91-9391747609

### Career Objective:

To be part of a progressive organization where I can utilize my skills to contribute to the delivery of high-quality software solutions and grow both professionally and personally through continuous learning and collaboration.

### Professional Summary:

- Having 2+ years of experience in Software Testing in **Manual, Automation and API Testing.**
- Proficient in testing of web-based applications across domains such as **Banking, and Healthcare.**
- Skilled in **Selenium WebDriver with Java, TestNG, Maven, Jenkins, Git, and Cucumber (BDD).**
- Solid understanding of **SDLC, STLC, Agile methodologies,** and defect tracking tools like **JIRA.**
- Strong in writing, executing, and maintaining **test cases, test plans, and automation scripts.**
- Experience in **API testing** using **Postman** and validating JSON, status codes, and headers.
- Hands-on with frameworks like **Hybrid, Data-Driven, and Page Object Model.**
- Capable of handling **cross-browser testing** and preparing **automation test metrics.**

### Technical Skills:

<b>Testing:</b>	Manual Testing, Automation Testing
<b>Tools:</b>	Selenium WebDriver, JIRA, Postman, Rest assured
<b>Languages:</b>	Java, SQL
<b>Frameworks:</b>	Test NG, Hybrid Framework, Page Object Model
<b>Build Tools:</b>	Maven
<b>Version Control:</b>	Git, GitHub
<b>CI/CD:</b>	Jenkins
<b>IDE:</b>	Eclipse
<b>Database:</b>	Oracle SQL
<b>Methodologies:</b>	Agile-Scrum
<b>Operating systems:</b>	windows 7,10

### Academic Qualification:

Bachelor of Technology - JNTU Anantapur 2022

### Professional Experience:

**BLUEGEM IT SOLUTIONS PRIVATE LIMITED, Hyderabad**

Software Quality Engineer | Feb-2025 to present | Healthcare

### Project Summaries:

#### Project 1:

**Project Name: Study Designer – Healthcare Web Application**

**Domain:** Healthcare

**Testing type:** Manual & Automation

**Tools Used:** Selenium, Postman, MySQL, Rest Assured, Git, Robot Framework

#### **Project Description:**

Study Designer is a web application used to manage clinical trial studies. It helps healthcare teams create and manage studies, forms, visits, schedules, and workflows. The data collected from patients through handheld or tablet devices is submitted securely and efficiently through this system.

#### **Roles and Responsibilities:**

- Analysing of user stories and functional documents to prepare test scenarios.
- Design and execute both **manual and automation test cases**.
- Performed **API testing** using **Postman** and automated UI testing using **Selenium**.
- Updated scripts in **Robot Framework** and executed them in test environments.
- Participated in daily **Scrum calls**, sprint planning, and defect triage meetings.
- Logged defects in **JIRA** and worked with developers for quick resolution.
- Created test strategy documents, test reports, and shared testing metrics.
- Maintained and executed **regression, UAT, sanity, and smoke test suites**.
- Supported other QA team members and provided knowledge-sharing sessions.

**WIPRO LIMITED, Hyderabad**

Associate Engineer | Sep-2023 to Feb-2025 | Banking

#### Project 2:

**Project Name: DigiBank – Online Banking Application**

**Domain:** Banking

**Testing type:** Manual, Automation, API Testing

**Tools Used:** Selenium WebDriver, Java, TestNG, Maven, Postman, JIRA

## Project Description:

DigiBank is an online banking application that allows users to check account balances, transfer money (NEFT/IMPS), pay bills, download statements, and apply for loans. It includes security features like OTP, password protection, and session handling.

## Roles & Responsibilities:

- Prepared and executed test cases for login, fund transfer, bill payments, and transaction history.
- Performed **manual testing** for functional and regression test cases.
- Automated key test cases using **Selenium WebDriver, TestNG, and Java**.
- Performed **API testing** using **Postman** for fund transfer and account services.
- Logged and tracked bugs in **JIRA** and coordinated with the development team.
- Participated in **daily stand-ups**, reviewed requirements, and updated test reports.
- Ran automation scripts using **Maven** and validated results.

## Personal Details

- Date of Birth: 31-March-2001
- Languages Known: English, Telugu, Hindi
- Location: Hyderabad, Telangana
- Nationality: Indian

## Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.
